

Doctors, Authors & others speak of Renée's Gift:

"A session with Renée is a unique healing experience. She has the ability to assist you in making profound positive change. Renée is a fabulous healer!"
Louise L. Hay, Bestselling author: *You Can Heal Your Life*

"Renée has a remarkable ability to help people work through difficult situations and remove blocks to creativity and potential."
Joan Borysenko, PhD, Bestselling author:
A Woman's Book of Life and The Power of the Mind to Heal

"In one hour, over the phone, Renée healed a negative life-long pattern regarding my prosperity that I had internalized from both my parents. The shift occurred immediately and I felt a great sense of deservability regarding money. The avalanche of increased business that occurred immediately afterward has changed my life."
Robert Kirby, Therapist/Lecturer

"Renée has the ability over the telephone to remove known and unknown (unwanted) patterns that lie at the core of one's being. I truly believe that, through her healing techniques, my physical, mental and emotional blocks, hurts and fixations have been permanently removed down to a cellular and genetic level. The sense of freedom is fantastic!"
Jonathan Parker, PhD,
 CEO, Quantum Quests International

"My friends say that I look five years younger since our session on Monday, and I feel about a hundred pounds lighter in my soul. In just one and one-half hours, you scraped away years of pain and garbage from my past. I felt you lifting old anger and judgements I had unknowingly held toward my father. During your session, I forgave myself for some past mistakes. I am at peace. You were instrumental in healing emotional pain in myself and my family. Renée, you are truly a remarkable healer, and the world is fortunate to have access to your gifts."
Doreen Virtue, PhD, Bestselling author:
Losing Your Pounds of Pain and The Light Worker's Way

"After a phone healing with Renée, I no longer had excruciating pain in my hip and leg that had been bothering me for months. Something had lifted out of my body. It was incredible!"
Carl Scott, SR VP Warner Records

"Renée has mastered the art of mind-body healing using alternative methods. She works with the interplay between one's belief systems and lack of forgiveness toward others and self as it affects holding patterns within the physical and etheric body. In one session the symptoms of a seven year liver disorder were virtually erased and have not returned as of this writing four weeks hence. In another session, the symptoms of TMJ were relieved to 80% of what I formerly experienced."
Linda Peterson, RN, MN, PhD,
 Associate Professor, Marriage and Family Counselor,
 University of Nevada School of Medicine

"Renée is a true miracle worker! With love and patience, she exorcised spirits and released my subconscious connection with the house I was trying to sell for two and a half years. Not one person made an offer to buy the house in that time. The house was sold ten days after Renée was there. I also had severe migraine headaches and neck and back problems from a car accident. I had one and a half years of chiropractic care and physical therapy with no relief. Thanks to Renée, after her first visit, the pain is completely gone!"
Anne Roberts, Actress

"Renée's ability to heal several long standing issues have thoroughly impressed me. Using a Biofield Spectrum Analyzer, pre and post measures of several individuals were made. Various subtle energy amplitude measurements were taken for: major systems and organs, categories of pathogens and psychological states including implants. To my amazement, all pre-test abnormal measurements returned to normal amplitude levels after healing sessions with Renée."
Gregory C. Morgan, PhD,
 Director, Pacific University of Hawaii Research Foundation

"Your ability to so quickly produce such profound changes in my patients is fantastic. I believe you are able to "reach in" and discharge meningeal tension from the spine. Meningeal tension (i.e. cellular tension) causes most people's inability to break dominant patterns and thus keeps the person repeating old tapes. I am grateful for the sense of healing you have produced for me and will continue to enthusiastically recommend you to my patients."
Stuart Hoffman, D.C.

"After my first session with Renée, I felt an immediate change in my "relationship" with drinking. Now, after 4 sessions with Renée, I no longer crave alcohol. In fact, I am actually going through entire days without even thinking about it. I am amazed that I can break a 20 year dependency in such a short time and with so little effort."
Film Producer

"As a result of abuse that occurred when I was a child, I lived with deep blocks that were always in my way. These blocks were primal and very damaging to my health. After one phone session with Renée the false conclusions I had made about my life's potential and the resulting limiting behaviors were removed."
Barbara Hand Clow, Publisher, Bear & Company
 Bestselling author: *The Pleiadian Agenda*

"I am still in awe that in the 40 minutes you worked with me, the weighty blockage from light and pure loving which had been plaguing me for years was lifted, and in its place now shines a loving, peaceful, passionate light. It is as though a menacing cancer was surgically, permanently removed. I can fully sense a difference, a profound wonderful difference, about the light and energy around me, and in which I walk... I have experienced, through your hands and heart, a new beginning."
